Step-by-Step Instructions:

Print the Sweepstake Pack: Print all pages of the Euros 2024 sweepstake pack. Ensure you have all the components before starting.

Display the Poster: Use the provided poster to promote your sweepstake. The poster includes space to write the names of participants and the teams they pick. Display it prominently where everyone can see it.

Prepare the Team Names: Cut out the team names from the sheet provided. Ensure each team name is cut out separately.

Organise the Draw: Place all the cut-out team names into a hat or a similar container. Mix them thoroughly to ensure a random draw.

Conduct the Draw: Participants should draw one team name each from the hat. This can be done in person or via video call for transparency.

Record the Draw: Use the log sheet provided to record each participant's name, the team they drew, and their contact information. This will help keep track of who has which team and allow for easy communication after the tournament.

Collect Entry Fees: Charge each participant £5 for each country they pick. Ensure all entry fees are collected before the tournament starts.

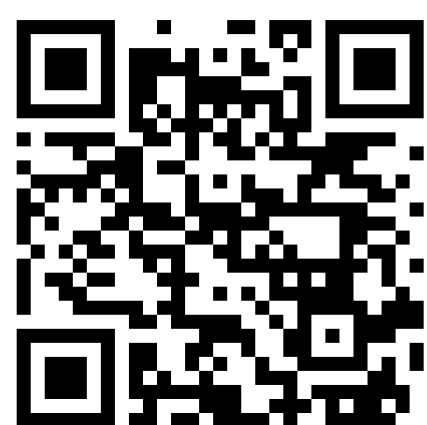

Prize Distribution: After the tournament, award £50 to the participant whose team wins and £10 to the participant whose team comes in second place.

Donate to Charity: Send £60 to Tough Enough To Care via the JustGiving page <https://www.justgiving.com/campaign/tetceuros2024>. This amount is the remaining funds after distributing the prizes.

Enjoy the excitement of the Euros 2024 sweepstake and good luck to all participants!
